*I am a self taught photographer. Having come from Colorado many years ago, I was awed by the beauty of the trees, flowers, and abundant wildlife in Wisconsin. I am retired and have been able to pursue photography more. My main focus is on the beauty of nature around us in the Midwest. Most of my work is shot in the Chippewa Valley and many in my own back yard.*

*I have entered a few art shows at the Heyde Center for the Arts, Banbury Art Crawl, and now O'Neill Creek Winery. Please enjoy the many different photographed views of the area around us.*
